**Drilling Engineers Inc. Expands Resources in the West**

*Clients to benefit from national resources of Terracon*

FORT COLLINS, Colorado – Drilling Engineers Inc. (DEI) of Fort Collins, Colorado is pleased to announce it has joined [Terracon Consultants Inc.](#), an employee-owned firm with a long history of providing excellence in engineering consulting services. For nearly 60 years, DEI has served public and private sector clients with a complete suite of subsurface drilling services and has a long history of collaboration with Terracon.

“Joining Terracon is the next step for DEI in decades of continuous growth to becoming one of the most dependable and professional drilling companies in the West,” said Rick Rogers, president, DEI. “The addition of Terracon’s national resources and expertise will allow us to provide our clients with enhanced capabilities while still providing the same reliable service they expect.”

DEI is now known as Terracon and will continue to operate its Fort Collins location with support from Terracon’s existing Fort Collins location and additional Front Range locations in Denver, Greeley, Longmont, and Colorado Springs, Colorado; Cheyenne, Wyoming; and more than 175 locations nationwide. All DEI employees will join Terracon.

“By combining with Terracon, DEI now can offer clients the resources of the largest drilling fleet of any engineering consulting firm in the United States,” said Gayle Packer, Terracon chair, president, and CEO. “We are excited to welcome the DEI team to Terracon.”

Terracon is an employee-owned consulting firm comprised of more than 5,500 curious minds focused on solving engineering and technical challenges from more than 175 locations nationwide. The firm provides on-time and real-time data-driven insights, provided by talented employee-owners, to create an unmatched client experience that spans the lifecycle of any project, any size, anywhere. Terracon consistently ranks as a top 25 design firm by *Engineering News-Record*. For additional information about Terracon, visit [terracon.com](http://terracon.com).
